Start your review of Climate Changed: A Personal Journey through the Science. Write a review. Apr 15, 2014 Crissa Cummings rated it it was amazing. This is a terrific graphic novel. It is also the first book on climate change I've been able to finish. And while it feels odd to say I found a subject so depressing exciting to read about- I did.

### Climate Changed: A Personal Journey through the Science by ...

Framed as a personal exploration, Squarzoni details the issues involved, from the basic principles behind our climate models to the impact that climate change will have on the Earth and humanity; he also examines the well-funded effort to suppress constructive discussions about man's impact on the environment and evolutionary changes that have masked the effects of greenhouse gases.
