what the injury involves, how to rehabilitate the area, and how to prevent complications or injury in the future.

### **The Anatomy of Sports Injuries, Second Edition: Your ...**

The Anatomy of Sports Injuries is a great 'go to' reference for home use, or - in my case - a personal training studio. We train a cross section of people, from athletes to stay at home moms, business men and women to teachers, doctors, dentists and lawyers. Bottom line is most will, at some point, develop a 'sports injury' of one kind or another.
