Learning objectives should be measurable. Because learning objectives should guide the selection of assessments, they cannot be vague. All of learning objectives we've exemplified are measurable in that they point to a clear assessment that can easily check whether students have mastered that skill (e.g., asking students to state a given theorem, giving students a thesis statement to prove ...

Good communication is the key to success, whether you're speaking in front of a large audience or trying to get a point across to a new friend. If you want to know how to speak well and confidently, you've got to believe in yourself, speak slowly and carefully, and have strong convictions about what you're saying.

## **How to Speak Well and Confidently (with Pictures) - wikiHow**

Placing public communication related chapters in the middle of
